

WELLNESS POLICY

The Newell-Fonda Community School District's board promotes healthy students by supporting wellness, good nutrition and regular physical activity as a part of the total learning environment. The school district supports a healthy environment where students learn and participate in positive dietary and lifestyle practices. By facilitating learning through the support and promotion of good nutrition and physical activity, schools contribute to the basic health status of students. Improved health optimizes student performance potential.

This Wellness Policy shall be regulated and maintained through the Newell-Fonda Community School Wellness Policy Code No. 507.11 R1 which is attached to this policy.
